

My husband and I have the great opportunity of working with Steve Bauer, SLB Construction on the complete remodel and addition of our Mid-Century Modern home here in Tucson. We cannot speak highly enough of Steve as a man of honor and integrity. He is a motivated Contractor whose every effort was to complete our job on time and within our budget. We feel Steve is able to do this by listening and actually hearing what our needs and wants were in terms of design features, specifications, quality of materials and budget. His thoughtfulness in presenting design and cost options allowed us to make our decisions by being well informed. We were always confident Steve had our best interest at heart. He always kept an open line of communication and let us know our project status, every step of the way.

The SLB team, while framing walls, hanging doors, doing finish work, among the multitude of talents they possess, were always respectful and considerate. Their high quality workmanship did not go unnoticed. Our job site was well organized and immaculate and we never had to ask twice, ever. Their inter communication was instrumental in keeping the job moving forward. Additionally, SLB's sub-contractors knew the SLB standard of excellence and followed suit. The subs were always a pleasure to deal with. Their work was also excellent.

We would highly recommend Steve Bauer and his team with no reservations. It was a complete pleasure to work with Steve. If we did not love our home so much, it would be great to do another project with him.

Sincerely,

Jim and Barbara Restin
